Paeonia
'DeVroomen Centennial'

One of the largest bare root selections in North America!

Tips for Growing Peonies

Full Sun

Well-drained, rich soil

Keep slightly moist

Protect from heavy winds

Peony eyes should be near ground level. Planting too deep will result in slower growth and fewer blooms.

For Field Growers

Space them 3-4 feet apart for good air circulation.

Advantages of planting in Fall:

Larger plants in the Spring. Spring-planted peonies generally lag about a year behind those planted in the fall.

PAEONIA

Garden Peony

Low maintenance perennials for any garden. Clump forming bush-like growing habits. Most varieties can be used for cut flower growing. Not particular about soil, but a sunny location is needed for best flower production. Peonies perform best if planted in fall.

Fall delivery from the first week of October.

Hardiness Zone: 3-8

Paeonia
'Alertie'

Item # 0353
Height: 36" / 90 cm
Blooms mid to late season
Delicate soft pink full double and mild fragrant flowers, darker pink toward the center. Strong stems and dark foliage.
