WHY BUY FROM US?

Dear Valued Customer

We want to take a moment and thank all of you for bringing the DeVroomen family business to a mile stone. Due to all of the partnerships with our suppliers and customers that we have formed we are proud to have celebrated our 97th year as a family business.

Our focus for all of these years has been and will continue to be on; Quality, True to name, On time delivery, Customer service and Competitive pricing. DeVroomen works hard to make the partnerships prosperous for all parties and to bring the most unique and exclusive varieties to the independent garden centers market;

MORE NEW AND EXCLUSIVE INTRODUCTIONS: We introduce more new, unique and exclusive varieties to the market than anyone else in the industry. This is important because it will differentiate your store from large retail chain stores.

SPECIALLY SELECTED FOR INDEPENDENT GARDEN CENTERS: Simple Pleasures® was specially selected for the independent nursery and garden center. You will not find our products in a mass merchant or discount store! We are committed to provide the upscale independent retailer with a quality, innovative marketing program.

- Specially selected for garden centers.
- Only top sized, true to name bulbs to help you stand above the big box stores.
- Experienced customer service staff to help you with all your stores needs.
- Innovative new packaging to help you with your sell through.
- Best (pallet) racks in the business to grab your customers attention.
- Free POP material to help you display and sell the products.
- Stand behind our product 100%, satisfaction and true to name.
- Simple Pleasures is now the number one supplier to the independent garden centers in the USA and Canada, that doesn't supply the big box.
- Web page designed just for your use, no mention of DeVroomen Garden Products (www.bestflowerbulbs.com).
- High res picture at you finger tips for free at Garden Joy Gallery on our website.
- Convenience of ordering online at www.devroomen.com.
- One of the largest stocked warehouses in the USA, for your convenience in Gurnee IL.

Ordering directly from Holland before December will ensure that we have the varieties you need. We ship direct from Holland between February through April. We are committed to helping your flower bulb business be successful and profitable.

We would like to thank you again for your continuous loyalty over all these years!

Sincerely,

The DeVroomen Sales and Customer Service Team

CORE PROGRAM

A broad and deep range of proven products.

WE CARE FOR NATURE

We work with nature and care for nature. We aim for fair and caring social and environmental policies. Our goal is a healthy development of the production and export of flower bulbs and perennials. How do we achieve this? It takes an effort, but we make serious steps to fulfill our mission on a daily basis.

SUSTAINABLE PRODUCTION

BIO Based plastic, PEFC and FSC

We investigate all our activities and their impact on the life circle. In our search for more sustainable alternatives for the use of raw materials, we made several choices:

- WOOD: FSC and 100% recyclable;
- CARTON: PEFC mixed and 100% recyclable;
- PAPER: PEFC mixed and 100% recyclable;
- PLASTICS: Bio Based Plastics. This is made of the residue of sugar cane and is 100% recyclable.

BIO BASED PACKAGING

Benefits of BIO Based packaging

- It's made from 100% renewable natural material; residue of sugar canes.
- It is 100% recyclable.
- This contributes to a circular economy.
- It doesn't affect food production; The required Ethanol is made
  from the residue of sugar production.
- During growth, the sugar canes catch 3 times more CO2 than needed for the production of this plastic.
- BIO Based is different from biodegradable, only BIO Based is 100% recyclable.
- We choose not to use biodegradable plastic because it's not recyclable. Moreover, when biodegradable plastic degrades, it has a bad CO2 footprint.

An earth look Bio Based packaging, used in all Simple Pleasures ranges.

CO2 NEUTRAL!

As a worldwide flower bulb and perennial export company, we take our impact on the environment seriously. We work hard on our sustainibility goals, and we like to set an example.

Over the last years we have been making big sustainable steps, in many ways. Your flowerbulbs are now produced with the use of green energy because of the 14,500 solar panels on our roofs and all of the waste is 100% recycled. (No waste)

Due to these efforts we are proud that we can produce your flower bulbs and perennials CO2-neutral!

OUR ULTIMATE GOAL

The responsibility towards nature doesn't end at being a CO2 Neutral company. We aim to create a full CO2-neutral supply chain, from grower to consumer anywhere in the world. Let's do this together.

NEW FOR SPRING 2025

New varieties, colours and variations are the life's blood of any business. To enable independent nurseries and professional garden centres to offer the best and most complete retail selection, we have not only the classics available, but also, and most importantly, the best choices of the newest varieties grown.

Just look for the NEW button.

Our product line 'Farmers Market' offers you the best premium quality flower bulbs straight from the farmer. The line brings you back to the origin of flower bulbs with a range of farm fresh hand-picked and locally grown varieties.

DISPLAY SYSTEMS

Displays make a significant contribution to the sales success of flower bulbs. With products arranged on colour and point of sales material included, these displays create a real 'wow' factor on the shop floor!

Saving you time and space

We have 2 display options to aid you in displaying your products and bringing attention to your store. These racks have a few great benefits:

- Space-saving, very light and easy to move around.
- Boxes easily and securely attach to the rack, making them extremely convenient.
- Free-standing displays have proven to produce a higher turn-over.
- The displays can be used to promote individual themes.

BEES & BUTTERFLIES

Many summer-flowering bulbs are a welcome food source for insects. Bees, bumblebees and butterflies need pollen and nectar from early spring until late autumn. For a good health and sufficient resistance, a varied menu is very important. The Bees and Butterflies program offers this varied menu in 4 ready to use mixtures.

By planting these flower bulb mixtures in your garden or in pots on your patio or balcony, you extend the garden season with flower bulbs blooming from late spring to late summer. By doing so you help bumblebees, bees and butterflies with a good start of the season!

DID YOU KNOW?

The flower shape determines to which insect a flower is attractive. For example, butterflies have a long rolling tongue, which allows them to get nectar from flowers where bees and bumblebees with their shorter tongue cannot go. The flower colour also plays a role. Bees and bumblebees are especially attracted to white, yellow and blue flowers. Butterflies prefer purple. Stripes and dots on the flowers act as additional signposts to the nectar.

CORE PROGRAM

Our core product line with a wide range of pre-packed summer flowering bulbs. The top-selling products are gathered in store ready and complete displays; point of sale material included.

SUITABLE FOR ORIGINAL WOODEN RACK SEE PAGE 13

GO-GO DAHLIAS

Profuse bloomers. Flowers are about 13 cm in diameter. Plants grow to 30-40 cm (12-16") tall, which makes them excellent for the front of the border, edging, patio and containers. These dahlias do well in both sun and partial shade.

PATIO DAHLIAS

Dahlia varieties selected with maximum height 70 cm / 28" with at least 18 cm / 7" flowers. The Patio Dahlias is a selection of the most compact Dinnerplate Dahlias. All are very floriferous varieties which will produce colour from early summer into fall which makes them a great mid to late summer crop.

GIANT BALL DAHLIAS

Fully double flowers that are beautifully globe or ball shaped (often flat) with florets or involute florets that are blunt or round ended. Ball dahlias grow up to 100 cm tall, are uniform in height and flower shape. Due to their thick stems they stand up better in windy conditions.

TIGER LILIES

Tiger Lilies are recognized for their broad, slightly curved petals that are attractively dotted with dark spots. They are among the easiest of all lilies to grow in almost any type of soil, and will naturalize once they are established. They bloom from July to September with as many as 12 to 20 flowers per stem.

LILIES LIKE A TREE

These fragrant giant lilies are a perfect cross between oriental and trumpet lilies. The sturdy stems on these lilies will grow up to 120cm/3-4 feet the first year. By the second year they grow up to 180cm/5-6 feet tall. Within three years these lilies can reach as high as 2.5m/6-8 feet. They naturalize well and are easy to grow.

CALLA LILIES

These beautiful cup-shaped, upright trumpets are about 13 cm /5" tall and 7 cm /3" across. Enjoying full sun to partial shade and growing 20-60 cm / 8-24" tall, they are the best varieties available anywhere. Calla Lilies are natives of South Africa and can be used in beds, borders, patio pots or planters...also as indoor house plants. Attractive broad sword-like rich green foliage.

CROCOSMIA

Originally, Crocosmia varieties were limited to orange but you can now choose from a whole range of colours from yellow to scarlet. Their summer pallette of colours makes a flamboyant statement in the garden. This is even intensified by their tall, elegant inflorescences made up of many individual flowers crowded onto each raceme.

miffy is Dick Bruna's best known and most popular character

miffy was "born" in 1955. While on holiday in Egmond aan Zee, Dick Bruna would tell his eldest son, Sierk, bedtime stories about a little, white bunny, who scampered around the garden of their holiday home. This bunny became the inspiration for miffy.

miffy's creator Dick Bruna was born in Utrecht on 23 August 1927. He not only wrote and illustrated no fewer than 124 picture books, but also designed many posters and book covers for the Black Bear pocket editions.

During a career spanning 60 years, Dick Bruna gained international acclaim. He retired in 2011. Dick Bruna passed away on 16 February 2017 at the age of 89.

Our future start with our children. It is our responsibility to provide them a friendly environment, and it will be their responsibility to keep this environment. Plants and flowers, therefore, also provide a pleasant climate indoors. You see that animals, plants, and people depend on each other. We can't live without each other. We are part of a system, a global ecosystem. You have seen that nature does its utmost for us, and we must be careful. We believe that nature deserves a helping hand.
