SIMPLE PLEASURES

Garden Joy FROM HOLLAND

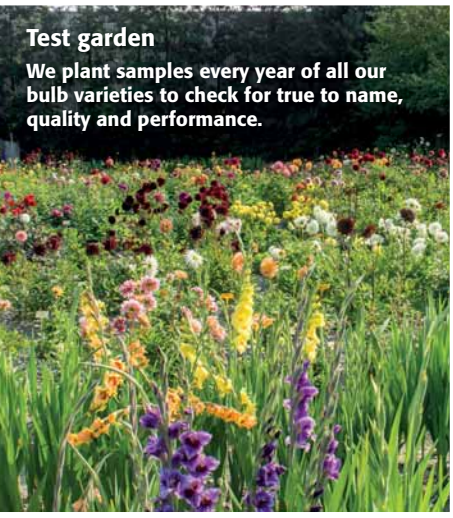

1945 Founder Jac de Vroomen with his family

DeVroomen office

Test garden

We plant samples every year of all our bulb varieties to check for true to name, quality and performance.

WHY BUY FROM US?

Dear Valued Customer

We want to take a moment and thank all of you for bringing the DeVroomen family business to a mile stone. Due to all of the partnerships with our suppliers and customers that we have formed we are proud to have celebrated our 97th year as a family business.

Our focus for all of these years has been and will continue to be on; Quality, True to name, On time delivery, Customer service and Competitive pricing. DeVroomen works hard to make the partnerships prosperous for all parties and to bring the most unique and exclusive varieties to the independent garden centers market;

MORE NEW AND EXCLUSIVE INTRODUCTIONS: We introduce more new, unique and exclusive varieties to the market than anyone else in the industry. This is important because it will differentiate your store from large retail chain stores.

SPECIALLY SELECTED FOR INDEPENDENT GARDEN CENTERS: Simple Pleasures® was specially selected for the independent nursery and garden center. You will not find our products in a mass merchant or discount store! We are committed to provide the upscale independent retailer with a quality, innovative marketing program.

- Specially selected for garden centers.
- Only top sized, true to name bulbs to help you stand above the big box stores.
- Experienced customer service staff to help you with all your stores needs.
- Innovative new packaging to help you with your sell through.
- Best (pallet) racks in the business to grab your customers attention.
- Free POP material to help you display and sell the products.
- Stand behind our product 100%, satisfaction and true to name.
- Simple Pleasures is now the number one supplier to the independent garden centers in the USA and Canada, that doesn't supply the big box.
- Web page designed just for your use, no mention of DeVroomen Garden Products (www.bestflowerbulbs.com).
- High res picture at you finger tips for free at Garden Joy Gallery on our website.
- Convenience of ordering online at www.devroomen.com.
- One of the largest stocked warehouses in the USA, for your convenience in Gurnee IL.

Ordering directly from Holland before December will ensure that we have the varieties you need. We ship direct from Holland between February through April. We are committed to helping your flower bulb business be successful and profitable.

We would like to thank you again for your continuous loyalty over all these years!

Sincerely,

The DeVroomen Sales and Customer Service Team

58

CORE PROGRAM

A broad and deep range of proven products.

WE CARE FOR NATURE

We work with nature and care for nature. We aim for fair and caring social and environmental policies. Our goal is a healthy development of the production and export of flower bulbs and perennials. How do we achieve this? It takes an effort, but we make serious steps to fulfill our mission on a daily basis.

SUSTAINABLE PRODUCTION

BIO Based plastic, PEFC and FSC

We investigate all our activities and their impact on the life circle. In our search for more sustainable alternatives for the use of raw materials, we made several choices:

- WOOD: FSC and 100% recyclable;
- CARTON: PEFC mixed and 100% recyclable;
- PAPER: PEFC mixed and 100% recyclable;
- PLASTICS: Bio Based Plastics. This is made of the residue of sugar cane and is 100% recyclable.

BIO BASED PACKAGING

Benefits of BIO Based packaging

- It's made from 100% renewable natural material; residue of sugar canes.
- It is 100% recyclable.
- This contributes to a circular economy.
- It doesn't affect food production; The required Ethanol is made
  from the residue of sugar production.
- During growth, the sugar canes catch 3 times more CO2 than needed for the production of this plastic.
- BIO Based is different from biodegradable, only BIO Based is 100% recyclable.
- We choose not to use biodegradable plastic because it's not recyclable. Moreover, when biodegradable plastic degrades, it has a bad CO2 footprint.

An earth look Bio Based packaging, used in all Simple Pleasures ranges.

CO2 NEUTRAL!

As a worldwide flower bulb and perennial export company, we take our impact on the environment seriously. We work hard on our sustainibility goals, and we like to set an example.

Over the last years we have been making big sustainable steps, in many ways. Your flowerbulbs are now produced with the use of green energy because of the 14,500 solar panels on our roofs and all of the waste is 100% recycled. (No waste)

Due to these efforts we are proud that we can produce your flower bulbs and perennials CO2-neutral!

OUR ULTIMATE GOAL

The responsibility towards nature doesn't end at being a CO2 Neutral company. We aim to create a full CO2-neutral supply chain, from grower to consumer anywhere in the world. Let's do this together.

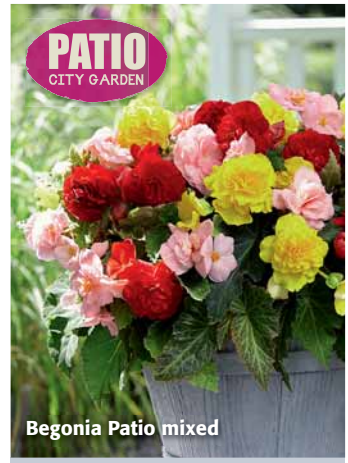

NEW FOR SPRING 2024

New varieties, colours and variations are the life's blood of any business. To enable independent nurseries and professional garden centres to offer the best and most complete retail selection, we have not only the classics available, but also, and most importantly, the best choices of the newest varieties grown.

Just look for the **NEW** button.

DISPLAY SYSTEMS

Displays make a significant contribution to the sales success of flower bulbs. With products arranged on color and point of sales material included, these displays create a real 'wow' factor on the shop floor!

Saving you time and space

We have 2 display options to aid you in displaying your products and bringing attention to your store. These racks have a few great benefits:

- Space-saving, very light and easy to move around.
- Boxes easily and securely attach to the rack, making them extremely convenient.
- Free-standing displays have proven to produce a higher turn-over.
- The displays can be used to promote individual themes.

Simple Pleasures® Original Wooden Rack

#44908

Size: 185 cm x 63 cm x 58 cm (0,37 m²)

Size: 73″ x 25″ x 23″ (3.99 sq. ft.)

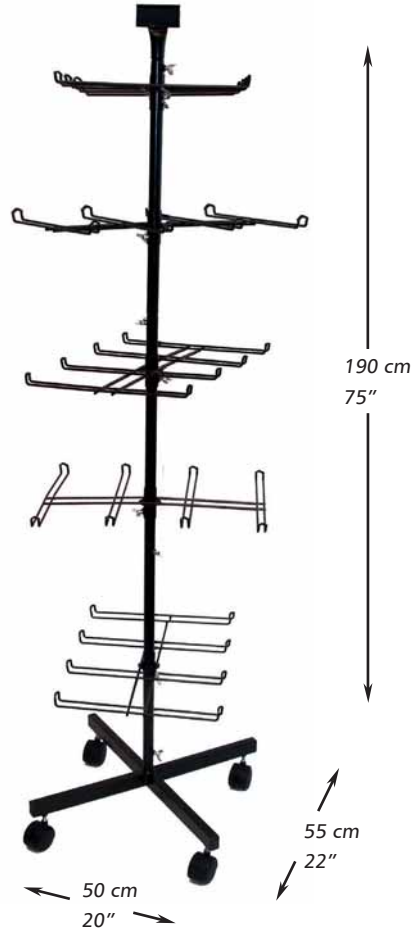

Simple Pleasures® Movable Spinning Display

#01409

Size: 50 cm x 55 cm x 190 cm (0.28 m²)

Size: 20″ x 22″ x 75″ (3.0159 sq. ft.)

The top-selling products are gathered in store-ready and complete displays; point of sale material included.

A STARTER COLLECTION FROM SIMPLE PLEASURES

The starter program is presented in a movable spinning display. This display is specially designed for smaller stores. The selection includes some of the best-selling dahlia, lilies and gladioli, at the best price available.

You can also choose to order the assortment without the display rack.

BEES & BUTTERFLIES

Many summer-flowering bulbs are a welcome food source for insects. Bees, bumblebees and butterflies need pollen and nectar from early spring until late autumn. For a good health and sufficient resistance, a varied menu is very important. The Bees and Butterflies program offers this varied menu in 4 ready to use mixtures.

By planting these flower bulb mixtures in your garden or in pots on your patio or balcony, you extend the garden season with flower bulbs blooming from late spring to late summer. By doing so you help bumblebees, bees and butterflies with a good start of the season!

• Size 8/10 cm

BEES & BUTTERFLIES

DID YOU KNOW?

The flower shape determines to which insect a flower is attractive. For example, butterflies have a long rolling tongue, which allows them to get nectar from flowers where bees and bumblebees with their shorter tongue cannot go. The flower color also plays a role. Bees and bumblebees are especially attracted to white, yellow and blue flowers. Butterflies prefer purple. Stripes and dots on the flowers act as additional signposts to the nectar.

ASIATIC LILIES

The lily is a symbol of majesty and nothing compares to a mass of colourful lilies in full bloom. Hybrid Asiatic Lilies are regal and carefree, producing up to 12 beautiful flowers per bulb. They are exotic and tropical with attractively reflexed petals, flowering in June and July.

TIGER LILIES

Tiger Lilies are recognized for their broad, slightly curved petals that are attractively dotted with dark spots. They are among the easiest of all lilies to grow in almost any type of soil, and will naturalize once they are established. They bloom from July to September with as many as 12 to 20 flowers per stem.

LILIES LIKE A TREE

These fragrant giant lilies are a perfect cross between oriental and trumpet lilies. The sturdy stems on these lilies will grow up to 120cm/3-4 feet the first year. By the second year they grow up to 180cm/5-6 feet tall. Within three years these lilies can reach as high as 2,5m/6-8 feet. They naturalize well and are easy to grow.

PENDULA BEGONIAS

Semi-double flowers in bright non-fading colors add floral beauty to your porch, patio or window boxes. These begonias are the most popular of the begonia range as they are ideal for hanging baskets and just 2 or 3 bulbs per basket will provide colour all summer long.

CALLA LILIES

These beautiful cup-shaped, upright trumpets are about 13 cm tall and 7 cm across. Enjoying full sun to partial shade and growing 20-60 cm tall, they are the best varieties available anywhere. Calla Lilies are natives of South Africa and can be used in beds, borders, patio pots or planters...also as indoor house plants. Attractive broad sword-like rich green foliage.

CROCOSMIA

Originally, Crocosmia varieties were limited to orange but you can now choose from a whole range of colours from yellow to scarlet. Their summer pallette of colours makes a flamboyant statement in the garden. This is even intensified by their tall, elegant inflorescences made up of many individual flowers crowded onto each raceme.

SEED POTATOES

Buried treasure in your garden! Baked, boiled, mashed or fried, potatoes belong in everyone's pantry and garden! Potatoes grow well in zones 3-9.

We are happy to offer WHOLE seed potatoes. These seed potato sets may be stored for several weeks longer prior to planting, and will produce up to 20% more than precut pieces.

Bags provide planting information.

CACTI & SUCCULENTS

Simple Pleasures® is delighted to partner with several suppliers to offer an exciting selection of assorted cacti and succulents in trays. These attention-grabbing plants make a terrific conversation piece or a unique gift. Each plant comes in its own terra cotta colored plastic pot along with plant care tags. These plants arrive in strong 22" x 13" x 9" trays that are perfect for display in your store.

miffy is Dick Bruna's best known and most popular character

Miffy was "born" in 1955. While on holiday in Egmond aan Zee, Dick Bruna would tell his eldest son, Sierk, bedtime stories about a little, white bunny, who scampered around the garden of their holiday home. This bunny became the inspiration for Miffy.

Miffy's creator Dick Bruna was born in Utrecht on 23 August 1927. He not only wrote and illustrated no fewer than 124 picture books, but also designed many posters and book covers for the Black Bear pocket editions.

During a career spanning 60 years, Dick Bruna gained international acclaim. He retired in 2011. Dick Bruna passed away on 16 February 2017 at the age of 89.

De Vroomen and Keukenhof

De Vroomen is proud to be a supplier of bulbs for Keukenhof, one of the most famous and beloved spring gardens in the world. Located in Lisse, Keukenhof covers an extensive area and is renowned for its stunning displays of flowers, particularly tulips.

Each year, millions of visitors from around the globe flock to Keukenhof to witness the breathtaking beauty of the park. Miffy is always a welcome guest at Keukenhof. The flower park also has a special Miffy area, shop and a Miffy playground.

All year round, nature is busy amazing us with beautifully shaped leaves and beautiful flower colors. At the same time, many animals are also active in that nature. When collecting food, insects ensure the distribution of pollen and thus the distribution of the various plants. And let's not forget our forests. Trees are an important part of this natural system. Plants also break down harmful substances in the house and convert them into oxygen. They also provide good humidity.
Plants and flowers, therefore also provide a pleasant climate indoors. You see that animals, plants and people are dependent on each other. We can't live without each other. We are part of a system, a global ecosystem. You have seen that nature does its utmost for us and we have to be careful with that. We believe that nature deserves a helping hand. And can we contribute to that? Which can…
You can get started with our products.
Recently we have acquired the worldwide right to 'Miffy in the green' and with this in mind we are going to bring several products on the market that will merge nature and education with Miffy.
